General Description

The Manual Coil Winder is a hand-operated coil winder fitted with an adjustable mandrel and a turn counter. This equipment facilitates the construction of the different machine windings according to the specifications described in the instruction manual of the Motor Winding Kit, Model 8022.

Reflecting the commitment of Festo Didactic to high quality standards in product, design, development, production, installation, and service, our manufacturing and distribution facility has received the ISO 9001 certification.

Festo Didactic reserves the right to make product improvements at any time and without notice and is not responsible for typographical errors.
