General Description

The main Process Supports, Model 46991-H, is a package containing the following elements: various process struts, a long wire duct, a hose storage rack, and other assorted items.

The Process Supports Add-On (pH), Model 46991-F, is a subset of Model 46991-H designed to avoid redundancy of components if the pH and Conductivity Process Training System, Model 3532, is acquired as an add-on to a Process, Flow, Level, and Temperature Process Training System, Model 3531.

Available Process Supports:

- 46991-F Process Supports Add-On (pH)
- 46991-H Process Supports (pH)

Reflecting the commitment of Festo Didactic to high quality standards in product, design, development, production, installation, and service, our manufacturing and distribution facility has received the ISO 9001 certification.
