General Description

The Piping and Accessories (Air, Allen-Bradley) model includes a reel of tubing, a tube cutter, connectors, and other items required to use the air workstation. A manual needle valve is also included to control the flow of air in the process. An Allen-Bradley unmanaged switch also comes with the accessories.

Reflecting the commitment of Festo Didactic to high quality standards in product, design, development, production, installation, and service, our manufacturing and distribution facility has received the ISO 9001 certification.
