## General Description

The Resistive Load, Model 8311-A0, is similar to and shares the same specifications as the Resistive Load, Model 8311-00 (120/208 V – 60 Hz). However, the color of the banana jacks and the arrangement of the load element switches are identical to those of a Resistive Load, Model 8311-0A (240/415 V – 50 Hz).

Reflecting the commitment of Festo Didactic to high quality standards in product, design, development, production, installation, and service, our manufacturing and distribution facility has received the ISO 9001 certification.
