

# **Lab-Volt®** In the News

This article appears in the April 2013 issue of Mechanical Business, a Canadian mechanical trades magazine that is published six times per year. Visit [www.mechanicalbusiness.com](http://www.mechanicalbusiness.com) to view past digital issues of the magazine.

## **B.C. ministry funds new equipment for KPU trades campus**

The Ministry of Advanced Education, Innovation and Technology recently invested \$733,006 in Kwantlen Polytechnic University (KPU) for the purpose of purchasing equipment for its Cloverdale trades campus. KPU has used the funding to obtain various pieces of equipment, including: a geothermal training system; a LabVolt electromechanical trainer; submerged arc welding equipment, and more.
